

THE PATRONS' CIRCLE

A partnership of shared values

Our Invitation

As an independent charity, we rely on the generosity of people who share our passion for Suffolk.

People who value the heritage of our county, who recognise its importance, and who see that when our precious buildings and landscapes are protected, we all benefit.

As our partner you are supporting our mission: in campaigning to save historic buildings and landscapes at risk, in supporting education in heritage crafts, and in promoting more considered development in our towns and villages.

We invite you to be part of our story.

Our Story

Since 1929, the Suffolk Preservation Society has been campaigning for our county's heritage.

Our cause has just as much relevance now as it did when we first led the call to action to save our valuable historic buildings and champion their significance.

Our ancient villages and towns, our wild coastline, our soaring skies, and our rural landscapes all contribute to our county's unique sense of place. And today, the need has never been greater.

We continue to honour those founding principles in safeguarding Suffolk for future generations.

As our partner, you are supporting our vision to preserve all that makes Suffolk so special.

Our Vision

Suffolk is a diverse county. Rural and urban, ancient and modern, industrial development and unspoilt landscape. Such contrasts sit in tension with one another, and a path must be found that preserves what is significant, while also allowing considered change.

Our vision is simple, embracing the new while honouring the past, and working in partnership to care for and protect the heritage of our county.

Our Partnership

When you join our Patrons' Circle, you are making a direct impact to the continuing conservation of Suffolk's heritage.

Your support funds:

- Our campaigning work in saving historic buildings and landscapes at risk;
- Our educational programmes in heritage crafts;
- Our community work in promoting improved neighbourhood planning.

*You are our partner in the
preservation of Suffolk.*
